UAW—No Escalator Pay Clauses In 1950

Will Also Set Up Strikers' Benefit Fund

Milwaukee, July 9—(AP)—The UAW-CIO probably will have no more truck with escalator pay clauses when its current contract with General Motors expires next year.

So said UAW President Walter Reuther today on the eve of the union's convention.

Reuther, solidly entrenched and heading for his third term, also: **Wipe Out Factionalism**

1. Called on delegates to wipe out the "remnants of factionalism" in the union's million member ranks.

2. Disclosed plans to set up strike fund arrangements by which up to \$10,000,000 could be mustered in a major emergency.

Reuther's plea to rid the union of the last vestiges of factionalism which formerly had split it wide open was contained in his formal 186-page president's report to the convention, opening here Sunday.

He said the huge strike fund plan would not mean that \$10,000,000 would be kept on hand at all times. But arrangements will be made at the convention, he said, by which it could be raised within a year's time.

Money would be available for the first time, he said, for direct benefits to strikers. This, he added, would be possible out of a dues raise from \$1.50 to \$2 a month.

Threatens Strike
The UAW has threatened to strike the Ford Motor Co. in Detroit shortly after the convention is over unless Ford meets demands for pensions, welfare funds and wage boosts.

Although the union probably will not want to renew the widely-heralded General Motors contract, said Reuther, he had no regrets that it was signed in May, 1948.

The union, he said, has been "historically opposed" to agreements pegging wages to the cost of living. Such pacts, he said, tend to maintain the status quo for workers.

In the GM case, however, he pointed out that the company's 245,000 UAW members and 30,000 members of the CIO Electrical Workers were guaranteed a three-cent "standard of living" increase after the first year.

This, he said, was a "fundamental" gain for labor.

Reuther also reiterated his claim that the GM settlement "broke the logjam" of disputes in the steel, electrical, meat packing and auto industries that threatened economic paralysis of the nation at that time.

Volunteers Rescue 10-Month-Old Baby From 10-Foot Hole

Camden, N.J., July 9—(AP)—A baby toddling about the yard of his home tumbled into a narrow, 10-foot deep hole today.

Ten-month-old Howard Morgan Jr., was rescued, apparently unharmed, 90 minutes later. A husband and wife, 100, remembering the Kathy Fiscus tragedy, watched the child's father lead the crew of volunteer rescuers.

Howard was brought to West Jersey hospital here and placed temporarily in an oxygen tent as a precautionary measure. He apparently suffered only a few scratches.

Firemen and volunteers dug a tunnel parallel to the hole to free the child. His mother, 19-year-old Mrs. Howard Morgan, told a reporter:

"It was wonderful the way total strangers worked to help save our child. I'll never be able to thank everyone enough."

Chiang To Confer With Philippines President Quirino

Manila, July 9—(AP)—Generalissimo Chiang Kai-Shek, top man of what remains in nationalist China, is due in the Philippines Sunday for a secret conference with President Elpidio Quirino.

The reliable diplomatic source which confirmed the scheduled meeting said Chiang was flying from Formosa to Baguio, Philippines summer capital 150 miles north of Manila.

While the subject of the meeting was not disclosed, it was expected to cover two general topics:

1. An anti-communist Pacific alliance, such as Quirino several times has publicly proposed; and

2. Possible establishment of Chiang of a future home in exile in the Philippines. (This would imply that Chiang anticipates eventual loss of his present redoubt, the island of Formosa, 250 miles north of the Philippines.)

Mindszenty Sentence Confirmed By Court

Budapest, Hungary, July 9—(AP)—Hungary's highest court declared today Josef Cardinal Mindszenty should have been hanged. But it decided to let his life sentence stand because the case has "lost its original importance."

The tribunal, the national council of people's courts, affirmed the prison terms of three of the Roman Catholic primate's associates and reduced the sentences of three others.

(United States army intelligence sources in Germany disclosed Thursday a report from Balkan informants that the 56-year-old Cardinal has been moved from prison to a hospital for the insane. The report said the Cardinal had been so mistreated and drugged that his mind gave way and he is now "in a state of delirium." There has been no confirmation from Budapest.)

The Cardinal was arrested last Dec. 26 and was convicted by a five-man people's court Feb. 8 of treason, plotting to overthrow the communist government and illegal trading in American dollars.

The prelate exercised his right of appeal. Prosecutor Gyula Elap urged the high court to exact the supreme penalty, death by hanging.

Chief Prosecutor Jozef Brobely took the same stand before the appeals court. That court had the power to reduce the life sentence, let it stand or increase it.

The appeals court took up the case quietly Wednesday night. The five judges limited the hearing to a study of documents and attorneys' arguments.

"There is not the slightest doubt that Mindszenty should have been sentenced to death," said the decision read by the presiding judge, Peter Janko.

Mysterious Notes Believed To Be Written By Angel

Lively Grove, Ill., July 9—(AP)—A Roman Catholic priest expressed belief today that mysterious happenings at a farm near here centering around 11-year-old Jerome Greten "might have been the work of his guardian angel."

The Rev. Edward Dahms, parish priest at nearby St. Libory, said in reply to a question, "I couldn't say it was a miracle, only that it was very unusual."

Father Dahms described Jerome as "a normal boy, who would not be considered especially religious."

The priest made an investigation at the home and reported a spirit wrote brief answers to questions he asked in the presence of Mr. and Mrs. Tony Greten and several neighbors. This happened on several occasions, Father Dahms said.

Says Three-Day Week In Mines Is Meant To Continue

Pittsburgh, July 9—(AP)—George H. Love, president of the world's largest coal company, said today he believes the three-day work week "is meant to continue indefinitely."

John L. Lewis, United Mine Workers chief, ordered the three-day work week in soft coal mines east of the Mississippi during present contract negotiations with the operators.

In a letter to the 1,000 customers of Pittsburgh Consolidation Coal Co., Love said the industry "will attempt to combat this weekly strike by whatever means are available."

At a news conference today, Love said he didn't know what the "means" might turn out to be, but "we have to stop it some way or another."

Man, 80, Makes Annual 24-Mile Walk To Capital

Springfield, Ill., July 9—(AP)—John H. Keest concedes 24 miles is a bit far for day's walk when you're 80.

Keest observed his 80th birthday today by hiking the 24 miles from his home in Middletown to Springfield, a stunt he has pulled off annually for the last 11 years.

The octogenarian explained: "I'm jokingly remarked to a friend on my 70th birthday that I thought I'd like to hike to Springfield the next day. My friend said I'd never make it but I did."

But Keest said he'll probably not attempt it again.

"I suppose I'm getting old," he said. "I can't get around as well as I used to." He added wistfully: "I might be back on my 90th birthday, though."

Triplets 'Small But Lot Of Them'

Madison, Wis., July 9—(AP)—"They sure are small but there are a lot of them," commented Eugene Stephan today as he met three new members of his family.

The triplets, born prematurely during the night, are the first children of Stephan and his wife, Betty, 23.

"I hope they'll be the last," added the father, a 24-year-old University of Wisconsin student.

The infants—each weighing about three pounds 12 ounces—are two boys and a girl. The mother is doing well and so are all three babies, said the attending physician.

DIE IN CRASH

Rockville, Ind., July 9—(AP)—Louis V. Gapinski, 46, Calumet City, Ill., was killed on U. S. Highway 41 north of here today. He lost control of his automobile in a rainstorm and hit a bridge.

Solons Optimistic On Eve Of U. S. Economic Report

Washington, July 9—(AP)—Reports of mounting unemployment were sized up without alarm today by a congressional committee while President Truman finished writing out his prescription for a national economic tonic.

The President will send his recommendations to congress Monday in his mid-year economic report. It is being awaited with more than usual interest because of business slumps in some fields and the rise in the number of persons out of work.

Those conditions, a senate-house economic subcommittee conceded, are shortening the average work week, forcing acceptance of more part-time jobs and wiping out most overtime pay.

Even so, the subcommittee said, the best estimates of government agencies show that while joblessness is increasing, it is "not now at unreasonably high levels for the country as a whole."

In fact, the lawmakers added, figures compiled by the same agencies show that, despite the climb of unemployment, more persons are working than in any previous year except 1948.

That national job picture was presented in a preliminary report by the economic subcommittee which soon will start its chairman Rep. Hart (D-N.J.), called an "intensive investigation of the unemployment problem." Today's report simply summarized data already available from government sources.

Meanwhile the CIO United Electrical Workers charged that the administration is misrepresenting the seriousness of the unemployment situation.

Miss Trudy Germl Wins Beauty Title Of 'Miss Illinois'

Quincy, Ill., July 9—(AP)—An 18-year-old green-eyed blonde, whose high grades and musical talent won her a university scholarship, was named "Miss Illinois" at the Annual State Beauty Pageant tonight.

She is Trudy Germl, of 5322 W. Deming place, Chicago. She was entered in the competition as "Miss Champaign-Urbana" because she is a student at the University of Illinois.

Miss Germl won over five other finalists selected from among 18 contestants from communities throughout the state.

Runners-up were Susanne Soenksen, "Miss Harvey," second; Ruby K. Marr, "Miss Springfield," third; Edith Ann Vandenberg, "Miss Quincy," fourth; Shirley Armstrong, "Miss Peoria," fifth; and Joline Schiebler, "Miss Moline," sixth.

Wingless Chicken Eggs To Be Sent To London By Air

Des Moines, July 9—(AP)—The first "wingless chicken" eggs to be sold commercially will be sent to London by air next week, the breeder who developed the wingless Yowl said today.

Peter H. Baumann, who has more than 400 of the wingless birds on his Des Moines acreage, said he would air express "two or three dozen" eggs to London Monday. He added that he still has "no idea" how much he will charge for the eggs.

Purchase of the eggs was arranged by Henry Lourie, who identified himself as a correspondent for the London Daily Express, Baumann said.

"At first he wanted some live birds," Baumann said. "It would have been pretty difficult to get chicks overseas because of disease problems and the like. He called later and asked if I would sell some eggs to the British government. I said I would be happy to."

U. S. Will Move In To Mediate Steel Wage Fight

Pittsburgh, July 9—(AP)—The government will move in Monday to referee the battle between the steel industry and the CIO-United steelworkers.

The mediation effort is aimed at warding off a nation-wide steel strike threatened for next Friday night.

U. S. Steel Corp. last Wednesday turned down the steelworker's demand for more pay, a pension, and company-financed insurance. Bethlehem steel, crucible steel, Weirton steel and Youngstown sheet and tube, quickly fell in line. They, too, said "No."

Philip Murray, CIO and United steelworker president, has called a meeting of the union's wage-policy committee July 12 to consider calling a strike.

Fifth Of Bourbon Sells For \$25

Junction City, Kas., July 9—(AP)—A fifth of Bourbon whiskey sold for \$25 today in the first legal liquor sale in Geary county in 70 years.

The sale, at the county courthouse, opened a public auction of confiscated alcoholic beverages by Sheriff Carl Gardner.

Harold Henning of Junction City was the high bidder. He obtained 400 bottles of county officials on the bottle along with a notation it was the first legally sold liquor in Geary in seven decades.

The remaining 1,564 bottles brought moderate prices.

U. S. Officer Kills Russian In Rifle Duel

Frankfurt, Germany, July 9—(AP)—A U. S. army officer on border patrol in the American zone said today he killed a Russian soldier in a rifle duel at 30 feet.

Lt. William C. Linderose, 34, of Port Huron, Mich., said three Russians "began shooting at me so I shot at them."

The incident took place yesterday, the U. S. army constabulary announced, when a border patrol of three American enlisted men and a German policeman was fired upon while check border markers near Rothenbach, north of Coburg.

ADN's version said five American soldiers entered the Soviet zone near Meiningen and "tried to kidnap two German border policemen."

"They did not succeed in taking the men across the border and had to retreat," ADN said. "There was no exchange of gunfire."

There was no immediate comment from American sources on the Soviet-licensed agency's report.

The U. S. army constabulary account of the shooting said the American patrol "left their jeep and hit the dirt for protection" when fired upon.

Later, the patrol slipped away and returned with two officers, including Linderose. Again the Americans were fired upon.

Linderose said he saw four Russians and fired single shots at three of them. One fell. He appeared to be a youth of 18 or 19. Several other Russians were lurking in the vicinity behind trees and other cover exchanging signals by whistles and calls, he added. Altogether the Russians were estimated to have fired about 20 shots.

"We were 250 to 300 yards inside the American zone, and they were still farther inside," Linderose said.

World Council Of Churches Speaks Out Against Reds

Chichester, Eng., July 9—(AP)—Protestant church leaders from many countries tonight tackled communism with a call to Christians to "stand squarely" for freedom.

The central committee of the World Council of Churches, speaking for 150 church groups in 41 nations, heard Dr. W. A. Visser 'T' Hooft, of Holland, their general secretary, warn:

"We must stand squarely for the freedom of the church to be the church in the fullest meaning of the word."

Dr. Visser 'T' Hooft saw some hope for embattled churches. He said there "are already many indications" that in the countries of communist dominated eastern Europe, "the spirit is moving with power in the congregations."

Engel Sues Police To Get Baggage, Clothes Returned

Chicago, July 9—(AP)—Sigmund S. Engel, whose handsome tweeds set an impressive background as he wooed women across the country, is tired of wearing the same old suit.

The 73-year-old confidence man has sued to regain clothing and luggage which he claims police impounded.

He has been wearing the same grey suit he had on when arrested on June 24. But when police Capt. Timothy Lyne offered to let Engel have some of his clothes, he was turned down.

Engel's attorney, William F. Adelman, said police took seven suitcases and a trunk belonging to Engel from the Dearborn street railroad station.

The lawyer said the luggage is now at the police custodian's office. He said the city has no right to keep the property because it is not connected with the crime with which Engel is charged.

The suit named as defendants Police Commissioner John C. Pendergast, the city of Chicago, and William Doubek, police custodian.

McGrath Seeks To Compromise With GOP On Trade

Washington, July 9—(AP)—Democratic National Chairman J. Howard McGrath took the lead today in efforts to compromise with senate Republicans on the administration's reciprocal trade agreements bill.

McGrath told a reporter he was acting as a Rhode Island senator—without consulting President Truman—in discussing a proposal to soften the so-called "Peril Point" amendment backed strongly by Republicans.

The "Peril Point" amendment, defeated by the administration in the House, would require the tariff commission to fix in advance the low point to which duties could be reduced without damaging American industry.

Jury Indicts 14 For Hooded Raids

Birmingham, Ala., July 9—(AP)—A grand jury today charged 14 persons with taking part in hooded hoodlums in the Birmingham area recently.

The county jury returned 41 indictments after a special session called to investigate night riding activities. It recommended that the inquiry be continued by a new jury to be organized Monday.

Arrests of those indicted will begin Monday.

This action climaxed a month of investigating acts by robed and hooded bands. These included floggings, cross burnings and threats of further violence.

CASHIER DIES

Sterling, Ill., July 9—(AP)—James D. Guilford, 66, for 44 years cashier and head bookkeeper at the National Manufacturing company in Sterling, is dead after a long illness. Funeral services will be held Monday.

Teachers To Meet In St. Louis In '50

Boston, July 9—(AP)—St. Louis was chosen as the site of the 1950 convention of the National Education association today despite the protest of some delegates that it was a "Jim Crow" city.

The new board of directors wound up a week's convention of the teachers' organization by re-affirming the decision of the old board which picked St. Louis.

The choice was made, said the new directors, "with the understanding every effort would be made to provide satisfactory arrangements for all delegates."

China Reds Forced Him To 'Confess'

Shanghai, July 9—(AP)—U. S. Vice Consul William M. Olive, who was released today by police of this Communist city after three days in jail, was "utterly, brutally beaten," Consul General John Cabot declared.

The Communist Liberation Daily published a statement attributed to Olive that "I have not received any ill-treatment during my detention."

"Any statement such as that which appeared in the Liberation Daily was obtained from him as a result of the barbarous treatment he received," Cabot asserted in a press conference late today.

"This dispatch was more than 12 hours in transmission, apparently having been held up by the communist military censorship."

Olive, 32, of Tronton, Mo., was arrested last Wednesday when his consulate jeep got involved in a mass parade in which the communists were observing the 12th anniversary of the Japanese war and the third anniversary of the civil war.

Cabot, his superior, said Olive was released today, after being beaten, handcuffed incommunicado in a cell for three days, and forced to sign several statements, a "confession," and an "apology."

"I have personally seen Olive's injuries," said Cabot. We had him examined medically, and have taken photographs and will take x-rays.

"There is no doubt whatsoever that Olive was brutally beaten by the police."

The consul general said that, "on the other hand, I am gratified and reassured that higher authorities—when the matter was brought to their attention—arranged for his speedy release."

(The U. S. state department has directed strong protests to be made to high communist authorities by both the consulate and the Nanking embassy, even though the United States has no diplomatic relations with the Chinese communists.)

The consulate physician who examined Olive said his condition was "seriousness of all muscles and joints, 20 bruises, contusions and abrasions, evidence of some internal injuries, and some increase in temperature and a higher pulse rate."

Olive, in a highly nervous and emotional state, is under the physician's care. He did not see reporters.

It appeared that a state department protest had some effect on the police attitude, which appeared to have undergone some change in the past 24 hours.

Illinois Woman Surgeon, 86, Takes Plane To Europe

New York, July 9—(AP)—An 86-year-old Illinois woman surgeon made the plane for her European vacation today despite a last minute schedule of six operations in a week.

"It never fails to happen, said Dr. Bertha Van Hoesen, of Chicago. "Everytime I am about to go on a trip, they all seem to want to be operated on."

She said some of the six operations she performed in the past week "were quite hazardous."

The author of "petticoat surgeon," Dr. Van Hoesen said she was proud of the increased number of women in the medical profession.

She said she herself still operates "pretty nearly every day."

This is her first air trip to Europe. In London she will visit the Duke of Bedford, inspect his parrot collection, see her foreign publishers and meet friends in the profession.

Russ Truck Ban In Reich Spreads

Frankfurt, Germany, July 9—(AP)—An unexplained Russian ban on truck shipments from western Germany to Berlin spread tonight to four Soviet zone crossing points.

German border police said the Soviet crossing guards gave no reason for their action except they were complying with telephoned orders from the Soviet zonal headquarters in Karlsruh.

FEDERAL SCHOOL AID
ONLY TO THE NEEDY

Former President Herbert Hoover, as an elder statesman with no further aspirations to public office, is performing a great service to society by retaining his interest in public affairs. His stand against federal school aid to all states is a case at point. Mr. Hoover can speak his mind despite the powerful lobby of the educational interests for a federal aid measure that would kick back to every state a minimum of \$5 per pupil. That would establish the precedent and the minimum almost certainly would move upward.

There is no point in Illinois taxpayers receiving money back for their schools. Illinois is able to finance her own schools. The money with which Uncle Sam would refund \$5 per pupil should be kept in Illinois—not sent to Washington and then returned.

Even in states needing federal assistance with their educational costs, the maximum amount of effort on the states' part should be required first and the emphasis should be on helping build up the states' economy to a point where they could carry their own educational load.

There is no such thing as federal aid or state aid. The federal and state governments can give out only such funds as they collect from the taxpayers in your county, township, city and village. If more of the problems of society can be solved at this level, there will be less concern about state and federal aid. And more of the problems will be solved at this level if the taxpayers ever discover how their tax dollars shrink on the trip to and from Springfield and Washington.

Homesick For The
African Blue

By HAL BOYLE

New York, —(AP)—Osa Johnson, the first lady of the jungle, lives on Park Avenue now—and it makes her homesick for the serenity of Africa.

"I like my jungles because I don't have any competition there," she laughed.

"Here you get invited to dinner and right away you start worrying. What shall I wear and what will so-and-so wear?"

"But there I can wear khaki trousers and hunting boots and put my little gun on my shoulder and go out into the jungle and feel I am queen of all I survey. I can look up at the blue, blue sky and feel all Africa is mine."

She said she was going back, too, for one last trek to the land whose wild life was filmed by her explorer husband, Martin Johnson, as she stood guard with a gun.

Johnson was killed in a plane crash in California in 1937, and Osa was badly injured.

She has a secret valley.

"I have a secret valley," she said. "I can't tell you where it is. It has never been explored, but Martin and I always vowed we would go back. It's teeming with big game—lions, rhinos, elephants, buffalo—everything. There must be at least a million head of big game in that valley."

She is planning an expedition consisting of two station wagons, six jeeps with trailers, and a helicopter. "I can flutter over in the helicopter and tickle the backs of elephants and ostriches. You should see the ostriches fan themselves with their plumes as they run. They make Sally Rand look like a sissy."

"I want to make a full length color film of wild life there. It's never of film of wild life there. It's never been done."

"Animals in zoos are out of their environment. They lose their color and become wishy-washy. But a wild zebra—he looks like black and white satin, sleek and fat and glossy. And the giraffe—he's a gorgeous bronze. He glimmers in the sun."

Published Nine Books

Osa has kept busy since her husband's death. She has published nine books and is now writing four more for children, based on the life of New York Yankees. Children from stories of her own animal pets. She is also completing a cook-book of exotic recipes, preparing for a lecture and negotiating a television contract. She has a library of 2,000,000 feet of film taken by her husband on their travels.

Now 55, Osa is still as vivacious and energetic as the day she married Johnson at 16.

"I thought we'd live in Chanute, Kas., and grow a couple of kids and vegetable garden," she said. "But Martin had an itchy foot. So I went off to the jungle with him, and I fell in love with it, too."

She estimates she has traveled "roughly 1,500,000 miles" in her career.

"We did pretty well for a couple of kids who started from nothing," she smiled.

They Give Her Inspiration

Her six-room apartment overflows with souvenirs from her journeys. She writes at night under a shelf on which stands nine carved wooden heads from the Belgian Congo.

"They give me inspiration," she said.

The apartment walls are painted with African scenes against a background of soft blue.

"There is a certain blue haze about the African hills you find nowhere else," she said. "The English who live there never say, 'I'm going out on Safari,' they say 'I'm going out into the blue.'"

"I wanted that blue on my walls. But it took me 27 paint jobs to get it."

Osa's favorite hobbies are fishing and cooking, and she spends a lot of time in her kitchen.

"I'll bet you," she said, "I'm the only girl on Park Avenue who bakes her own bread."

Handicraft Work
Attracts Children
At Playgrounds

The Y. M. C. A.-operated playgrounds at Jefferson and Washington schools have been attracting many boys and girls in their four weeks of operation this summer. The program has four more weeks to go, and will close on Friday Aug. 5.

The main interest in crafts is the making of hot-pot holders of various colored "looper-clips," made from stocking tops, and making lanyards from plastic lacing material.

A new craft idea was introduced this past week, that of etching on glass with a new, safe cream substance. Any design is cut in special tape, the cream applied, and in 10 minutes washed off with water, leaving a permanent, beautiful etching in the glass.

Many children are looking forward to the chartered bus trip to St. Louis on July 16, Saturday, to see the St. Louis Browns play the New York Yankees. Children from 9-16 years of age are eligible to make the trip. Registration can be made only by coming to the "Y," and paying the bus fare in advance. There is room for only 40 boys and girls. Admission to the game will be free, as guests of the Browns baseball club.

Children are urged to sign up for this trip as early in the week as possible. Bus fare is \$3 round trip.

HOLLYWOOD, HERE'S A CRITIC—Melvin Edwards, 6, went to an air-conditioned theater early one afternoon in Nameoki, Ill., to see a double feature and escape the heat. The movies bored him. The cool air soothed him. So he fell asleep in the aisle and was still sleeping when searchers found him the next morning. Melvin yawned, "The show wasn't so hot, but that was the best sleep I've had in a long time."

'Insult' Law Silences Germans

Frankfurt, Germany—(AP)—You've got to be careful what you say about a public official in Germany. You might wind up in jail. There's a special law which provides a jail sentence for insulting "a person in public life" if the insult makes him "appear unworthy of the trust which he needs in his public activities."

Quite a few Germans have run afoul of that law lately. U. S. military government thinks the law is undemocratic, and may nullify it, if the Germans don't do it themselves.

Meanwhile, U. S. officials are

trying to discourage abuse of the law. An article in the official "Information Bulletin," cited "many recent examples of resort to the law to silence irate citizens."

For instance, a German in Waiblingen learned from relatives in the U. S. that they had sent him many food packages. He had received only two. Investigation showed that neither he nor members of his family had signed the postal receipts for the missing packages.

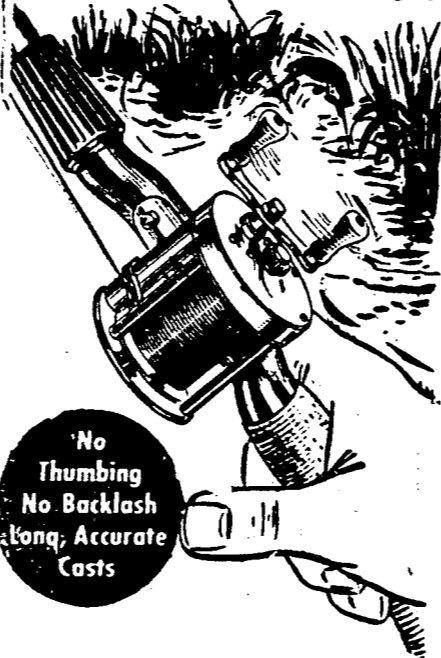

So he charged the postal clerk with forgery and embezzlement. In the trial, postal officials claimed it was all right for the clerk to sign the receipts because "Farmers usually have dirty hands and defaced the official documents while signing them."

The postal clerk was acquitted. He promptly charged his accuser under the insult law. The man was convicted and fined.

Military government is sponsoring public forums to encourage Germans to speak their minds in public. But Hans Struening, president of the public forum in Kassel, publicly accused Dr. Georg A. Zinn, Hessian minister of justice, of deliberately delaying prosecution of a fellow party member for embezzlement. The state supreme court ruled the charge untrue. And Struening was sentenced to four months in jail.

Model planes powered by rubber bands were flown in France as early as 1871.

Jazz Records Expensive In Germany

By Hermann M. Timm

Frankfurt, Germany.—Believe it or not, a new American-made jazz record may cost you the legal equivalent of 50 to 60 dollars on the musical black-market in post-war Germany. The acute shortage of discs and the lively demand from German devotees make the price high.

How do American jazz records, so highly rated by German youth, get here? Most of them made their way across the ocean in a soldier's trunk. Real jazz is quite new to German youngsters. It still has a doubtful reputation with the older generation.

The roots for this attitude go back to Hitler's "Third Reich." It was propaganda minister Joseph Goebbels who told the people that jazz is something "decadent and degenerate."

Towards the end of the war the Nazis were forced to make some concessions. The people had become more and more tired the longer the war dragged on. Especially the soldiers were fed up with German folk songs and Beethoven's "Eroica," which the Nazis made the prelude to almost every political rally.

As a result, some light dance music that had little or nothing to do with American jazz was permitted. Danc-ing itself was banned. "Liberation"

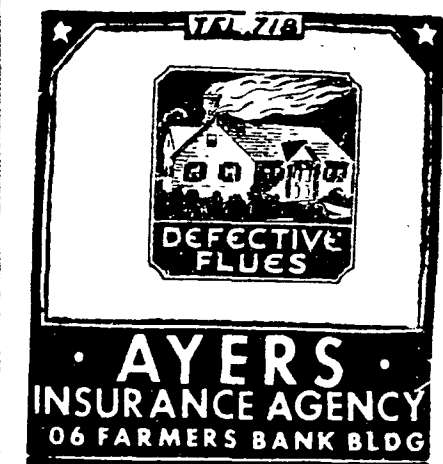

in music took place after the war. Hot clubs were formed and jam sessions held, often organized by American soldiers. Other means of popularizing jazz were American films and radio stations.

Don't forget adequate wiring!

The time to plan the wiring that will accommodate your needs is before you build. Be sure the home you are dreaming of will allow complete use of all your electrical appliances where and when you need them.

Some day you will need adequate wiring—it costs a great deal less to install it as you build.

Electricity offers you countless comforts

and conveniences for your new home. Take advantage of it by:

2. installing enough outlets and switches located conveniently
3. seeing that there are enough circuits to accommodate all needs.

THE DOCTOR SAYS

Eat More. Check Your Exercise To Gain Weight

By EDWIN P. JORDAN, M. D.
Written for NEA Service

The human body operates like a machine for which the food is fuel which is converted into energy and used by physical and mental activity. There are two ways to gain weight: one to cut down on the activity output and the other to increase the food intake.

Less exercise and more rest reduces the output and must be considered by the person who wants to gain by increasing the fuel, or food, intake at the same time holding the output, or exercises, down.

There are several ways of increasing the fuel intake. One is to choose the foods which have the highest energy or calorie value, since these can be changed into weight as well as into work. The starches or carbohydrates and fats supply more energy and have more effect on weight than proteins do.

When trying to gain weight one should include fatter meat, more butter or margarine, more cream, more sweets, more potatoes, more bread, cereals and other high calorie-containing foods. Balance must be maintained in the diet, however. It is not wise to cut out the fruits, vegetables, meat, milk and eggs which supply ingredients

necessary to maintain good health.

Larger Meals
Another thing which can be done is to eat more at each meal. The amount one eats is largely a matter of habit and this can be changed like any other habit. The stomach can be trained to hold more by gradually increasing the amount taken at each meal.

More food can be taken also just by eating extra meals. A small mid-morning meal, an afternoon or bedtime snack of weight-gaining foods, are helpful. A glass of half milk and half cream is a good example of what could be taken.

Almost anyone who does not have some serious disease can gain weight by following the plan of decreasing, or at least not increasing activity, and increasing the food eaten.

Note: Dr. Jordan is unable to answer individual questions from readers. However, each day he will answer one of the most frequently asked questions in his column.

THE DOCTOR ANSWERS
By EDWIN P. JORDAN, M. D.
Question: What could be the cause

of stiffness in the knees of older persons?

Answer: The most common cause is a degeneration of the tissues of some of the joints. It is frequently accompanied by some creaking when the knees are bent.

CHICAGO LIVESTOCK MARKET REPORT

Chicago, July 9.—(P)—Hogs sold in a week of mixed, but mostly lower, price trends. Cattle held steady. There were no sheep for sale.

Light and medium weight butcher hogs found a ready market during the week, largely from eastern order buyers. Sows, which comprised more than half the receipts, tumbled 50 cents to \$1. Heavy weight lard prices sank to a new eight year low. Steers and heifers ended steady to 50 cents higher, making up losses sustained in the early part of the week. Best price was \$28.75 194 two cars of choice to prime light weight steers. Beef prices in the wholesale trade scored small gains.

Receipts again were down to starvation levels in the sheep section, causing a 50 cent to \$1 gain in spring lambs. Small local slaughterers took most of the offerings.

ADVANCE NEAR CLOSE OF TRADING CUTS EARLY GRAIN LOSSES

Chicago, July 9.—(P)—Grains sold at slightly lower levels on the Board of Trade today. The market got off

to a lower start and remained below the previous close in most cases, although a creeping advance toward the close reduced early losses.

Only display of strength came in soybeans, which continued to recover from their shake-out of late Thursday. They did not get back all the ground lost that day. However, traders said shipment of soybeans from the country has been very light.

Wheat closed 1 to 1 cent lower, July 2.00-1; corn was 1 to 1 cent higher, July 1.36-1; rye was 1 to 1 cent higher, July 1.41-1; soybeans were 14 to 3 cents higher, July 2.49-1 and land was 2 to 7 cents a hundred pounds higher, July 10.22.

Estimated receipts here today in car lots—wheat 552, corn 50, oats 75, soybeans 20.

Markets At A Glance

Chicago: Wheat: Easy; very little flour buying. Corn: Mixed; price changes small. Oats: Easier with wheat trend. Soybeans: Firm; small offerings of cash beans. Hogs: Nominally steady. Cattle: Nominally steady.

Pitcher Strikes Out Too Many, Manager Moans

Pine Bluffs, Ark., July 9.—(P)—Imagine a pitcher who strikes out too many batters for his own good! One such young man is Eddie Albrecht, 20-year-old right handed property of the St. Louis Browns now toiling for the Pine Bluff Cardinals of the Class C Cotton States League.

His 199 strikeouts in 169 1-3 innings have helped the second-place Cardinals immensely, but his manager and catcher, Harry Chosen, says: "I'm trying to get him not to strike out every batter he meets. That's all right in the C. League, but in higher circuits it won't go."

Chosen fears Albrecht might overwork his arm.

Eddie has a record of 15 victories and four defeats this season. He wants to win 20.

Red Sox Blast Athletics 7 To 5

Boston, July 9.—(P)—The Red Sox set off a 12-hit barrage for a total of 23 bases to defeat the Philadelphia Athletics, 7-5, today and snap the six-game winning streak of Alex Kellner, the brilliant young southpaw, who was seeking his 13th triumph.

Kellner had to retire in the fourth inning when the Soxers belted him for three doubles, plus Bobby Doerr's eighth homer.

Lefty Mel Parnell gained credit for his 11th win against five setbacks but he weakened with two out in the ninth. He threw a home-run ball to Sam Chapman with Ferris Paine aboard and then passed Hank Majeski.

Tex Hughson was rushed in to face Don White, who represented the tying run, and Hughson wound up the game by fanning him.

Philadelphia . . . 100 100 02-5 11 1 Boston . . . 013 010 20-7 12 0 Kellner, Harris (4), Scheib (8) and Guerra; Parnell, Hughson (9) and Tobberts, HHRs: Bos—O'Brien and Doerr; Phi—Chapman. WP—Parnell. LP—Kellner.

By Bob Merris

Hey, you junior baseball fans! Let's get on the ball and trot down to the Journal-Courier office the 23rd of this month to sign up for the Sportsman park trip. Only the first 175 youngsters who get their name on the dotted line will be permitted to make the trip. Apparently some new ruling by the Cardinal management has choked off such ventures—made Jacksonville an exception during his recent visit here. However, he could only allow 175 kids to be admitted.

The lucky 175 who get to make the trip can probably thank the East Side Boys club for the favor. Undoubtedly, Mr. Saigh was so impressed with Bob Bond, Claude Vasey and the Trinity Mens Club's work with the youths that he was moved to making the exception.

Just between you and me and third base, we don't think too much of the idea. We believe that more youngsters will be disappointed than made happy. If such a move forces some kids to be turned away minus the prized ducaats, it's going to install a certain amount of distrust in the younger generation.

The move was definitely not made through any fault of the Jacksonville Junior Chamber of Commerce, sponsors of the expedition. The Jay Cees have been all out for the kids, and would take every youngster from 6 to 60 if it were in their power to do so.

The Jacksonville Moose baseball club is requested to meet at the White Front Cafe Sunday at 12:15 p.m. They journey to Astoria to defend their lead in the Illinois Valley Independent Baseball circuit.

J. Merle Wade, L. N. Caldwell, and R. H. Butler, basketball coaches and officials in this vicinity, returned to Jacksonville after spending the past week at the Western Illinois State Teachers college Coaches and Officials Clinic. Harry Combes, head basketball coach at the U. of I. Stu Holcomb, head football coach at Purdue, Chuck Taylor of Chicago, Ronald Gibbs of Springfield and Ike Craig of Chicago, instructed about 250 cage tutors during the sessions.

Hearing On Paris Coach's Appeal Set For July 20

Paris, Ill., July 9.—(P)—A hearing on Ernie W. Eveland's appeal of his dismissal as Paris High school coach will be held July 20.

The coach of Paris' 1947 state championship basketball team will have a public hearing provided under the state tenure law for teachers protesting dismissals.

Eveland ignored a school board order of June 7, firing him for insubordination and lack of cooperation with school authorities. The coach called the charges "lies."

The school board informed Eveland in a letter yesterday of the date set for the hearing.

Kuzava To Oppose Cubs In Benefit Tilt Monday

Chicago, July 9.—(P)—Jack Onslow, Chicago White Sox manager, tonight nominated Bob Kuzava, young left hander with a 4-1 re-

cord, to pitch against the Chicago Cubs in an exhibition game here next Monday night.

The game, expected to attract upwards of 40,000 fans, will be played as a benefit for the Chicago park district to help sponsor its junior baseball program.

During the past spring exhibition season the Chicago rivals split even in four games.

Gonzales Seeded No. 1 For Clay Courts Tourney

Chicago, July 9.—(P)—Richard

"Pancho" Gonzales of Los Angeles today was seeded No. 1 for the national clay courts tennis tournament opening Monday at the suburban Riber Forest tennis club.

Mrs. Magda Rurac, formerly of Romania and now living in Los Angeles, was seeded first in the women's foreign division with Mela Ramirez of Mexico City, No. 2.

Frank Parker, Los Angeles, a five time clay courts winner, was seeded No. 2 in the men's division.

Gonzales meets Herbert Anger of Oshkosh, Wis., and Parker faces Richard Mouldous of New Orleans in the opening round.

Pirates Take Cubs In 13th Inning 6-5

Pittsburgh, July 9.—(P)—The sizzling Pittsburgh Pirates continued their winning ways today, taking a 13-inning 6 to 5 victory from the hapless Chicago Cubs for their eighth straight victory.

Phil Masi's first home run since joining the Pirates came after two were out in the 13th and gave the Buccos the ball game. Ageless Rio Sewell, who replaces Cliff Chambers in the 10th, got credit for his fifth win without defeat and continued his mastery over the Cubs.

The Bruins outbit the Pirates 14 to 8 but couldn't do much with men on base. Mickey Owens, repatriated Mexican leaguer, was the Cub batting star with four hits, including a home run.

The Cubs went ahead, 5-4, in the 12th on Hank Edwards' double which scored Hank Sauer. The Pirates tied it up in their half when Johnny Hopp scored from second on a wild pitch by Bob Muncie.

Emil Kusch, who tossed the home run ball, was the loser.

Senators Upset Yankees 7 To 5

New York, July 9.—(P)—The Washington Senators scored five unearned runs after two were out in the ninth inning today to upset Vic Raschi and the New York

Yankees, 7-5.

Sam Dente climaxed the uprising by doubling with the bases loaded off reliever Frank Shea to send home the winning runs.

Raschi, gunning for his 14th victory, had the Senators trailing on seven hits and was one out away from his goal when the roof caved in. Rookie first sacker Dick Kryhoski bobbled Sherry Robertson's grounder, and the Senators were off.

Singles by Buddy Lewis, Ed Stewart, Clyde Vollmer and walks to Ed Robinson and Eddie Yost followed the miscue. After Yost's walk, which forced home the tying run and loaded the bases, Raschi was yanked in favor of Shea. Dente greeted Shea with a two-bagger to right to break the tie and end Washington's five game losing streak.

Coca Cola, Moose Jrs. Win At South Diamond

Four junior softball clubs staged a two-game exhibition before the Southside fans last night. The current-raiser contest was as thrilling as any show put on there regularly by the kids' older brothers, and saw the Coca Cola outfit nip the Trinity nine 13-12.

In the feature contest, the junior Moose aggregation staged a 12 run first inning uprising which added them in gaining a 19-4 runaway from the Squires.

Lair and Ittenbach split the mound chores for the preliminary winners. Jim Bote twirled for the Trinity nine.

Reynolds underhanded the Moose juniors to their overwhelming victory in the second encounter. Blessing went the entire route for the Squires.

Sugar Robinson Will Meet Gavilan In Title Fight

Philadelphia, July 9.—(P)—Sugar Ray Robinson puts his welterweight boxing crown on the line for the fourth time Monday night, meeting Cuba's challenging Kid Gavilan over the 15-round route at Philadelphia's huge Municipal stadium.

Since whipping Tommy Bell for the 147-pound title two and one-half years ago, Sugar Ray has made successful defense against Jimmy Doyle, Chuck Taylor and Bernard Docusen.

The Harlem flash, hailed as the uncrowned king of the welters ever before winning the title, knocked out Doyle and Taylor in 1947 and a year ago outpointed Docusen.

It's a pretty fair guess that between 20,000 and 25,000 fans will dig down in their collective pockets for \$125,000 to see a fight rated as a natural since Robinson took a close non-title decision from the Cuban kid a year ago.

Robinson, who at 29 is six years older than the Cuban, is a 2 to 1 choice in light betting marts to retain his title.

Irregularities in the number of games played is accredited to the large number of postponed games. These games will probably be played off after the August tournaments.

Four of the losses recorded against the Merchant entry in the "B" league standing are forfeitures that were given to the American Legion team which preceded the Merchants in the "B" league roster during early season plays. The actual Merchant record is 1 win and 1 loss.

Musial's 15th Homer Gives Cards 3-2 Win

Cincinnati, July 9.—(P)—Stan Musial blasted a home run in the eighth inning today to give St. Louis a 3 to 2 victory over the Cincinnati Reds and enable the Cards to trim Brooklyn's National league lead to one game.

The Dodgers were beaten by the New York Giants.

Musial's long wallop — his 15th homer of the season — came shortly after the Reds had moved into a two all deadlock with the Cardinals.

The game had to be held in the seventh inning for 53 minutes because of rain.

AS Uncle Jake talked, telling how he had fooled me with the high-grade ore in the cars, my mouth was dry and I was only half listening to him.
My ears were straining for the sounds of a motor car coming from the townsite. But I heard nothing. If they didn't come quickly—I squinted at Uncle Jake. He was standing just about where I had tumbled from the roof of the building. His back was to the light and his gun was pointing at my middle.
I tried to estimate my chances. He was about 10 feet away—too far to rush, and not far enough for him to miss me.
Cory had to climb up the hillside, run to the townsite. Tell somebody and get them to come back with her. All that would take time. It was plain enough to be seen that Uncle Jake didn't intend to stall much longer. Archie was even more nervous.
I tried to figure out again how long it would take Cory to do everything necessary. It still didn't add up to enough time. I had to do something myself, but how?
Archie must have sensed what was going on in my mind—after all, anybody would have had the same thoughts. He must have been afraid I'd do something because he cleared his throat.
"You'd better get this thing over with before Johnny comes back," Trask said.
"Move inside, son," Uncle Jake said to me; "we wouldn't want—"
He never finished the sentence.
I think Trask was feeling squeamish, because he was looking away, so he didn't see it.
But I saw it. I had a grandstand view, and it was a lovely sight.
A 20-pound boulder was dropped
